FROM THE OWNER'S DESK

“At ALFA, we don’t just make products, we craft confidence. With purpose in design, precision in build, and trust at the core, every piece is made to elevate the player , every play.”

Nitin Mahajan

“Purpose. Precision. Trust. That’s what every ALFA product carries, because confidence should never be a question on the field.”

Jitin Mahajan

**MADE IN INDIA.
FOR THE WHOLE WORLD.**

ABOUT ALFA HOCKEY

At ALFA Hockey, we are dedicated to crafting world-class field hockey sticks and accessories that empower athletes to perform at their best. With over 50 Years of expertise, we combine cutting-edge technology, meticulous research, and exceptional craftsmanship to create durable and high-performance sticks.

From advanced composite sticks made with premium carbon, Kevlar, and fibreglass to our tried-and-tested wooden sticks crafted from high-quality Malbiri wood, every product is designed to meet the unique and evolving needs of players. At our state-of-the-art facility, we offer a wide range of moulds and customisation options, ensuring every athlete finds the perfect stick to enhance their game on any terrain.

Pre Forming Technology

The Alfa Technical Team has been extremely busy this year not content with only pushing the boundaries of **innovative performance techniques**. The group is working extensively on **developing new streamlined stick shapes**. These advancements can be viewed throughout our new collection and are the result of relentless research and testing. It is undoubtedly the **most advanced, diverse, and refined range**.
